Jacob Kloetsch, of Stolon, is in the city today.
Rev. W. H. Barkley is again a Salem visitor.
Mrs. L. C. Young came home from Albany today.

FIRE DEPARTMENT DISCUSSED.

The City Council considers matters of public interest.
The city council met last evening in regular session, all members being present except Messrs. Murphy and Legg.

BILLS PAID.

Table with 2 columns: Bill Number, Amount. Includes items like Salem Con. St. By. Co., China, Northwest, Salem Gas Co., Kenworthy & George, Steam laundry, J. A. Bernard, Salem Gas Co., Churchill & Burroughs, Salem Water Co., H. Vandervort, A. C. Dilley, Gardner & Darr, F. R. Lynch, F. A. Legg, Glover & Pugh, H. G. Sonnenman, Robt. McKillop, Elmer White, J. P. Veatch, E. E. McKinney.

Saloon licenses were granted to E. Eckerlin and J. G. Fontaine.

A petition was presented from W. T. Latourette and others asking that the Southern Pacific Railroad company be ordered to remove the fence from the south side of their switch between Winter and Twelfth streets as said fence reduces the width of Trade street so as to make it very inconvenient. Referred to committee on streets.

Alderman Simpson presented a resolution authorizing the city recorder to draw warrants for fixed salaries on the 1st of each month and the resolution was adopted.

The subject of the Silsby fire engine was brought up. Chief Hutton expressed his faith in the machine, and hopes to get good work from it as soon as the repairs are completed.

The resignation of Engineer King was taken from the table and accepted upon recommendation of Chief Hutton J. H. Campbell, Jr., was elected to the place at \$50 per month. The matter of reduced salary caused some comment, but the council thought that amount sufficient for the present. The fire chief was authorized to temporarily employ some one else if the present fireman resigned, and the attention of the fire committee was directed to the subject of means for getting coal to a fire.

ENDEAVOR RALLY.—An enthusiastic rally was held in Oregon City to plan for the state convention of the Christian Endeavor, which meets in that city April 14, 15 and 16. Addresses were given by Fred Lockley, of Salem, on "Our State Union;" by Rev. Montgomery of Oregon City on "Preparation for the Convention," and by Rev. Hawes of Portland on "Laying a Good Foundation." The first Endeavor convention was held in Oregon City June 13, 1889, at which time forty delegates were in attendance. The first president of the Oregon State Union was Warren H. Landon, D. D., of Portland, and the first secretary, Mrs. H. A. Newell, formerly of this city. It is expected that about 500 delegates will be in attendance at the convention next month.

GENIUS.—The audience at the M. E. church this evening will be grandly repaid by the intellectual feast to which they will be treated by Attorney-General C. M. Idleman in presenting his lecture on "The Effect of Genius on Modern Society." Mr. Idleman has given his subject deep study and is fully prepared. He is a bold, original thinker, a clear forcible speaker, with a dash of eloquent oratory which keeps him constantly on the best of terms with his hearers. His handsome commanding presence also adds to the pleasure of hearing him, and there is no doubt that his lecture will be one of the literary events of Salem's history. He should be faced by a packed house.

Has your merchant told you about the great reduction in price of heavy shoes? He didn't fail to mention that prices advanced last fall, did he? If he will not sell you heavy shoes at lowest prices asked before the advance, call on the New York Racket. Their heavy shoes are marked at lowest reduced prices. 17-2td&w

MARRIED.

LAMBERT—STEWART.—At the county court house, Salem, Oregon, March 17, 1896, D. J. Stewart and Ida M. Lambert, Judge W. C. Hubbard officiating.

DEVERON—M'KEE.—At the Cook hotel, Salem, March 18, 1896, Mrs. H. H. Deveron to Wm. P. McKee, both of Hubbard.

The ceremony was performed by Rev. H. L. Barkley, of Woodburn, McKinley Mitchell, witness. The groom is 74, the bride 68, both old-time residents of this county. They were as happy as two young people could be and returned today.

DIED.

JACK.—On Friday, March 13, 1896, Adaline Jack, wife of R. A. Jack, of Salem, died.

She was born in Tremont, Tazewell county, Illinois, November 26, 1836 and crossed the plains in 1851 with her parents, Rev. Neill Johnson and wife. She was married to R. A. Jack in 1858, who survives her. She was the mother of seven children six of whom are living. G. W., of Silverton; J. H., of Marquam; Oscar and Claud of Salem; Mrs. Waincott, of Baker county; Mrs. Yergan, of Champog. She leaves three brothers and two sisters, Mrs. B. F. Hall and J. Z. Johnson, of Woodburn; Mrs. T. P. Jack, of Salem; A. F. and J. H. Johnson, of Corbett, Multnomah county.

Her remains were interred in the Miller cemetery followed by a large circle of sorrowing friends.

PRICE.—On Saturday evening, March 14, 1896, of paralysis of the stomach, after a short illness, near Albany, Mr. J. F. Price, aged about 28 years.

The deceased was a native of Linn county and was held in high esteem by all who knew him. He was a son of N. Price, and a brother of Mrs. Judge C. E. Wolverson. He leaves a wife, besides many friends and relatives to mourn his untimely death.—Albany Democrat.

CAHILL.—At the family home in East Salem, Wednesday morning, March 18, 1896, of consumption, Mrs. I. W. Cahill, aged 44 years.

The deceased was born November 17, 1851, and was married December 26, 1869.

Three times within twenty months has death entered this home. First the only daughter, the life and pride of the home was taken; ere the year was ended the oldest son, a model boy on the threshold of a happy useful manhood followed her. And now the mother has gone to join her loved ones on the other side.

For many, many months the deceased has been battling with the dread disease consumption, always hopeful, always clinging to life for the sake of her husband and children; hoping against hope, but when the last hope had fled—when the disease proved itself stronger than the love and prayers of husband, children, neighbors and friends she calmly, resignedly gave up all claim to the life that was so dear to her and bore the suffering which seemed almost greater than she could bear without a murmur and spoke hopefully, joyfully, of going home. A husband is left to mourn the loss of a devoted wife. Two children to mourn the loss of a faithful, loving mother.

They will not cease to hunger for the voice that always spoke tenderly, for the hand that always had for them a kind and loving clasp.

To the bereaved we can only say: Oh, what were life, if life were all? Thin eyes

Are blinded by their tears, or thou wouldst see! Thy treasures wait thee in the far-off skies, And Death, thy friend, will give them all to thee."

Deceased leaves a husband and two sons to mourn her death, the youngest son being but 11 years of age. The funeral will be held at the residence Thursday at 10 o'clock a. m., Rev. J. P. Farmer officiating, and the burial will take place at City View cemetery.

Those desiring to go to the cemetery can do so on the car leaving the bridge at Fourteenth street, at 10:50 a. m.

THE ABYSSINIAN WAR.

Italy Has Determined to Continue the War With King Menelik.
ROME, March 18.—In the chamber of deputies the new premier, Marquis di Rudini, announced that the government would continue hostilities in Abyssinia until peace could be concluded on honorable terms agreeable to Italy.

The announcement was received with cheers, and a credit of 10,000,000 lire for expenses of the campaign in Africa was unanimously voted.

When the news came to be known the populace cheered heartily for the government and the Italian soldier.

THE NEGUS CONGRATULATED.

ROME, March 18.—The czar, M. Pobedonostzeff, procurator of the holy synod; General Gourko and the Prince of Montenegro have sent congratulations to the negus.

Baron Meyendorff, Russian charge d'affaires, states that he knows nothing of the intention of the Russian government to confer a decoration on Menelik. The Russian government is however, quite willing to exercise its good offices in efforts for peace.

In the cabinet the opinion prevails that it would be well later to abandon Frythera altogether, and this view is slowly gaining ground, especially at the ministry of foreign affairs.

Count Nigra will have a long conference on the situation with the Duke di Sermoneta, minister of foreign affairs, on the subject. The government refuses to give out any information of the true position of negotiations, and nothing appears to have been arranged.

The rumor that General Baldissera has sent in his resignation is untrue. There is no doubt that parliament is favorable to peace being concluded.

General Lanza, the Italian ambassador to Berlin, has been summoned to Rome to confer with the government on the situation.

Mrs. HANNAH.—The following is probably preliminary to an effort to secure the pardon of Mrs. Hannah, the murderer at Jordan of Lottie Hiatt: The burden of her troubles is weighing heavily upon Emma Hannah, the woman who was committed to the penitentiary for life last December for killing Mrs. Hiatt in Jordan valley, Linn county. She has grown very nervous, but still stoutly refuses to make a statement as to her guilt or innocence. Since she was committed one of her sons has died. Of the three other children, two are sick of fever.—Albany Democrat.

Wisconsin Republicans.
MILWAUKEE, March 18.—The Republican state convention which met today, is the most enthusiastic political gathering ever held in this city. John G. Esch, of LaCrosse, was chosen chairman.

The platform declares for protection, reciprocity and honest money. A resolution was adopted instructing the Wisconsin delegates for McKinley.

The Bayard Censure.
WASHINGTON, March 18.—The Bayard censure resolutions were called up in the house this afternoon by Hitt, of Illinois, who made a strong speech in support of them, and was followed by McCreary, of Kentucky, who opened for the opposition.

W. C. T. U.—An adjourned meeting of the W. C. T. U. will be held on Thursday, the 19th inst. in the hall beginning at 2:30 p. m. All members requested to be present as business of importance will be brought before the meeting. By order Elizabeth Holman, presiding superintendent.

THE BROWN VERDICT.

Guilty of Conduct Unbecoming a Christian Minister.
SAN FRANCISCO, March 18.—The Post says: A verdict has been reached in the case of Rev. C. O. Brown and the committee findings have declared the minister "guilty of conduct unbecoming a christian minister."

The committee finished its report today and presented it to the council. The report, which is about 1,000 words in length, will not be made public until it has been submitted to the Congregational church, which will probably be tomorrow night. It is believed the report will exonerate Mr. Brown on the charge of immorality, but will find guilty of unministerial conduct. Upon the precise wording of the report under unministerial conduct specification will depend the action of Mr. Brown's friends. The council may or may not fix the punishment, but even if no penalty is mentioned, severe condemnation by the council would result in Brown's loss of his church.

Should this occur, the pastor's friends declare they will form a new church for him in this city. Each member of the council has taken a solemn pledge of secrecy and the report will not be made public until it is presented to the congregation of the First Congregational church this evening.

The closing paragraph is to the effect that although no evidence has clearly convicted Brown of any single act of immorality, yet, the testimony has been such as to throw grave doubts upon the man's moral character.

Even those most prejudicial against Brown admit that with this paragraph added, the verdict is all that the testimony justified.

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, Dizziness yield to Electric Bitters. 50 cents and \$1.00 per bottle at Fred A. Legg's Drug store.

With a strong appetite, sounder sleep, and a better digestion (results that every one has experienced who has taken Paine's celery compound), the weak and sore kidneys and the tired stomach cease to trouble, and the nerves allow one to work unweary by day and to sleep by night without disturbance. This is what physicians mean when they say that Paine's celery compound cures nervous diseases permanently.

Disordered liver, and for all blood diseases, physicians use this great formula of Prof. Edward E. Phelps, M. D. LL. D., of Dartmouth college—Paine's celery compound, has lifted thousands from bedriddenness. It does what nothing else did for the sleepless, the dyspeptic and the despondent—it cures them once and for all.

Here is a testimonial from Mr. A. Miller of Columbus, O., accompanying the photograph of his wife: "For two years past I have been a constant sufferer with severe headaches, oftentimes being compelled to go to bed, when my complete necessitated my personal attention. Last week my physician recommended Paine's celery compound. I have taken now four bottles, and have suffered with headache since the government, in my mind, should be the discoverer of Paine's celery compound a sum of money sufficient to keep him and all his relatives luxuriously during their natural life."

Mr. Miller is the son of Dr. J. Miller. His wife is the granddaughter of the late Gov. Lucas of Ohio. Mr. Miller's praise of Paine's celery compound is equalled by that of thousands of others who owe their health and strength to this greatest of remedies.

There is no spring remedy equal to Paine's celery compound. Sufferers from debility who find convalescence too slow, are joyously surprised by the brisk impetus toward recovery that comes from Paine's celery compound. Its healing, nerve-restoring, blood-making, nourishing powers go so directly to the root of the trouble that the progress toward health and strength is steady and uninterrupted.

No relapses come when Paine's celery compound has once fairly begun its healthful action.

No relapses come when Paine's celery compound has once fairly begun its healthful action.

With a strong appetite, sounder sleep, and a better digestion (results that every one has experienced who has taken Paine's celery compound), the weak and sore kidneys and the tired stomach cease to trouble, and the nerves allow one to work unweary by day and to sleep by night without disturbance. This is what physicians mean when they say that Paine's celery compound cures nervous diseases permanently.

Disordered liver, and for all blood diseases, physicians use this great formula of Prof. Edward E. Phelps, M. D. LL. D., of Dartmouth college—Paine's celery compound, has lifted thousands from bedriddenness. It does what nothing else did for the sleepless, the dyspeptic and the despondent—it cures them once and for all.

Here is a testimonial from Mr. A. Miller of Columbus, O., accompanying the photograph of his wife: "For two years past I have been a constant sufferer with severe headaches, oftentimes being compelled to go to bed, when my complete necessitated my personal attention. Last week my physician recommended Paine's celery compound. I have taken now four bottles, and have suffered with headache since the government, in my mind, should be the discoverer of Paine's celery compound a sum of money sufficient to keep him and all his relatives luxuriously during their natural
